3. On receipt code word you should seek earliest possible appointment with FM or most senior official available in couple succeeding ~~couple~~ of hours and state that US has received intelligence information which suggests that sometime in next few days there may be concerted Hemisphere-wide attacks led by local Communists on established governments, public order and US property and citizens of unprecedented violence. You should suggest that quiet and not too visible but prompt measures be taken in order to be ready for such developments. You should also state that US will have stocks of riot equipment on call by air at short notice in Canal Zone. You should also say that you expect to have more specific information in the course of the day and therefore wish as matter of greatest importance to see Chief of State or highest ranking other official available later same day. (One hour in advance of President's statement.)
(FYI. You are authorized convey substance this paragraph to those constituent posts which your judgment should be informed in order make necessary preparations for likely local Communist activity. END FYI)

4. At appointment with Chief of State you should give him text or summary of President Kennedy's TV statement if

received in time and also letter from President Kennedy to Chief of State contained in separate message.

5. You should also inform him that at US request OAS Council is being called into session for 10 a.m. the following morning at which time the US will request approval for an immediate meeting of the Organ of Consultation of the Inter-American System to consider this new situation in Cuba. You should reinforce President's letter by strongly emphasizing the importance of getting instructions to his OAS representative to support such action.

6. You should also reinforce the President's request for support of a resolution by the Organ of Consultation taken as promptly as possible and very preferably on same day, agreeing that the governments of the Hemisphere should take all actions they may deem necessary against Cuba as provided for in Article 8 of the Rio Pact. (FYI) For time being US primary interest lies in obtaining Organ of Consultation resolution which includes provision use armed force indicated meet situation including blockade. Such resolution would not rpt not require all states to use armed force. US will however quite probably seek agreement through Organ at subsequent meetings on other measures envisaged

Article 8 which we contemplate would be mandatory and binding upon all OAS members. END FYI) Proposed text of US resolution is contained in separate message and should be made available to him. All important arguments for such support are clearly set forth in President's statement and letter.

7. You should make clear that this is a first vital step to deal with a major threat by the USSR to the peace and security not only of this Hemisphere but the whole free world. It is not possible to anticipate how this more intensified struggle against the forces of international communism will develop. Therefore it will be necessary to keep the Organ of Consultation in being to consider other actions which may become necessary or may be suggested by one or another of the member states.

8. You should also follow up President's letter to discuss possible collaboration in military field by host country. If Chief of State interested, such collaboration can be arranged with special representatives US JCS and you should inform us.

9. You should inform Chief of State that in recognition of possibility of disorders fomented by local Communist elements on orders from Moscow and Havana against law and order and the established government and perhaps US property and citizens, the US has special stockpiles of riot control equipment in Canal
